

Straight Line Torch (SLT)

TORCH SPECIFICATIONS	
Make	- K-TIG
Model	- Straight Line Torch (SLT)
Dimensions	- Height = 410 mm (16.1") - Body dia. = 50 mm (2")
Model Specs	- Current Capacity = 1000 amps - Weight = 2.2 kgs (4 lbs) - Cooling required = 5 litre/min (1.1 Gal/min) - Recommended Tungsten Electrode = 6.4 mm (1/4")
Features	- 1000 Amps Current Capacity - Tungsten Dia. 6.4 mm (1/4") - Robust design for extreme conditions and 100% duty cycle - Water cooled inner body and nozzle - Designed for high current keyhole TIG welding
